Dear Parent/Guardian,

We are excited to offer your child the highest quality education available anywhere in the world. In Kentucky, the federal Every Student Succeeds Act requires that our students be tested at the end of each year in grades 3-12. As parents, it is important that you are aware of what subjects your child will be assessed in. The chart below will help you be informed about the tested areas for your child this spring.

6	Math and Reading -Multiple Choice and Constructed Response
7	Math, Reading, and Science -- Multiple Choice, Multiple Select, Technology Enhanced, and Constructed Response

During this school year, your child's teachers will work tirelessly to ensure that every student is prepared for success. Individual attention will be given to anyone who needs interventions in order to demonstrate proficiency at assessment time.

If you have questions regarding any assessments mentioned above, please feel free to contact your child's school. Policies concerning parents' rights in regards to testing, as well as policies regarding testing purposes, times, and reporting may be found on our webpage or at <https://education.ky.gov/AA/Assessments/Pages/default.aspx>.

Sincerely,
